Friends,

My mom, grandmothers, and great-grandmothers were dedicated farm wives who cultivated extensive gardens and raised chickens, cattle, and pigs. They taught me the art of crafting exceptional meals from scratch. Although I've never taken a culinary class in the US, my science degree, travels and relentless curiosity have allowed me to develop some truly unique recipes. No one prepares these dishes or tap beer exactly the same as you'll enjoy here.

I love layering subtle flavors, often substituting citrus for salt and chili peppers for black pepper. Instead of making "homemade ranch" as others do with a seasoning packet laden with MSG, my FarmStead Ranch, consists of only fresh Belfonte dairy products and a variety of spices. If our food isn't among the best available anywhere at any price, it's not on our menu.

I kindly ask for your understanding and patience with my staff because they already have the challenge of keeping me happy! If we have a sudden rush of guests & you experience a wait to be served, please humor us by imagining a host asked you to wait before being seated.

Welcome to Strip's! Remember to save room for DESSERT! You won't be disappointed.

Todd Johnson, Proprietor
